

## DLVG-206 Installation Instructions

### **Mounting Process:**

1. Locate the desired height to mount the sink brackets. Place a mark.
2. Make sure the mounting screws go inside the studs or any reinforcement behind the wall to withstand the weight of the glass countertop with the glass basin.
3. Secure the wall mounting brackets to the wall.
4. When placing the glass countertop on the metal pads make sure there are rubber gaskets in between the pads and the glass to prevent glass from scratching.
5. Place the mounting rings, washers and the glass basins on top of the glass countertop.
6. Connect trap to drain assembly. Hand tight to check alignment.
7. Secure the faucet in place. Connect hot and cold water lines.
8. Put the cabinet under sinks.
9. Mount the mirrors and shelves at desired position.

Product Description

Model No. DLVG-206

- (1) 19 mm clear glass top
- (2) 12 mm clear glass sink
- (3) Chrome finish stainless steel bracket with towel bar
- (4) Double pop-up drain and T-trap
- (5) MDF cabinet with three drawers
